KARACHI RESIDENTIAL

AND

MERCANTILE DIRECTORY, 1937-38

Publishers Note

Efforts have been made this year to make the Karachi Residential and Mercantile Directory 1937/38 bigger and more useful than ever. It contains a carefully prepared list of principle streets; the City of Karachi; Division of City into Wards, The Municipal Corporation of Karachi and its Councillors. Warrant of Precedence, Commercial Associations, Members of the Legislative Assembly of the Government of Sind, the Government of Sind Official Staff. A Military section, including The Western Command and Sind Independent Brigade Area. All important Mercantile Firms, Classified Trades and Alphabetical Appendices of the principle Europeans Anglo-Indians, Parsees, Goans, Hindus, Mohomedans, Japanese and Jew Residents of Karachi.

A popular innovation this year will be found in the names of Clubs and Institutions. It has been most difficult, however, to gather this information, in spite of the fact that every Club of importance was approached. The Compilers will therefore be glad, if Club Secretaries, whose Clubs have been omitted from this issue will kindly inform them at once, and an "addition and correction" slip will be printed for this purpose and as far as possible sent to all subscribers. These corrections should be addressed to the "Compilers of Directories" C/o Daily Gazette Press Ltd., Karachi.

The Publishers take this opportunity of thanking all those who have been so good as to contribute information to enable the 1937/38 Directory to be written up-to-date.

The Compilers will esteem it a great favour, if errors of fact—and it is almost an impossibility to achieve perfection in compiling a Directory—are pointed out to them, by readers. Suggestions for the improvement of the Directory will also be appreciated and receive careful consideration.

FOREWORD

The state of change noted in the foreword to the Karachi Residential and Mercantile Directory for 1936-37 continues. On the 1st April 1937 the constitutional changes brought about by the Government of India Act 1935 took place, and Sind became a fully autonomous province with a Governor and a popularly elected Legislative Assembly of sixty members. During April the Ministry of the Sind Government was formed consisting of Sir Ghulam Hussein Hidayatullah, K.C.S.I., as Premier of Sind, Mir Bundeh Ali Khan Talpur, as Revenue Minister, and Mukhi Gobindram Pritamdas as Public Works Minister. Allotment of funds has now been made by the Central Government and work is about to be taken in hand for the building of the new Government House to take the place of the old and collapsing structure which has served since Sir Charles Napier, the first Governor of Sind, built it almost a century ago. During the last year, the building of the Sind Textile Mills, the first textile mill in Sind, was completed, and this cotton mill is now turning out a considerable quantity of yarn each week. Quite recently the foundation stone was laid by His Excellency the Governor of a large cement factory which is to be erected some little distance beyond The Sind Textile Mills on the same road leading to the Country Club. The Dalmia brothers, well-known financiers and industrialists, who are interested in the construction of the cement factory, are also considering the introduction of other industries into Karachi.

New developments have taken place at the airport where the landing field has been enlarged and fully enclosed with boundary lights and other paraphernalia for night operation. New hangars to the east of the aerodrome have been constructed and work is now commencing on a large block of up-to-date administrative offices which will contain besides control room and other offices connected with the operation of aircraft lines, commodious hotel accommodation for the reception of air-way passengers. In Karachi harbour, at the place known as the Lido, work is now commencing on the slipway, repair shops and reception offices for the great flying boats of Imperial Airways which are to commence operating the air services from England to India in the late autumn of this year. An approach road from near the entrance of the West Wharf to the flying-boat station is under construction and is now (July 1937) nearing completion.

With the qnickening in the pace of the world's retnrn to general economic prosperity, the great port of Karachi is once again in full activity, shipments of wheat and cotton, specially the former, reaching higher figures than they have done for years past. Fine new vessels on the shipping lines now making Karachi a direct port of call from the United Kingdom are becoming popular with travellers, and are bringing much passenger traffic to this port. The possibility of air-conditioned trains being put on the railway between Karachi and Lahore is creating considerable interest. The progress of public transport within the city continues, and there seems as yet no marked decrease in the building of residential houses in the new housing colonies.

Though somewhat incomprehensively segmented, Karachi's social life continues to move fastly ; of opportunity for sports there is no lack ; cinemas continually improve the quality of their programmes, new cinema buildings are now being erected, and other super-cinemas are projected. The seaside suburb of Clifton continues to gain in popularity and great developments are taking place there. The Lido beach now attracts hundreds where it used to attract scores ; Sandspit continues in favour, and the new resort of Hawkes Bay exercises a lure on week-enders.

Altogether one finds reason to be optimistic in respect of Karachi—a pleasant, well-managed and growing city, even now still at the opening stages of its development.

THE
CITY OF KARACHI

LADY GRAHAM,
Wife of the Governor of Sind.

THE CITY OF KARACHI

The City of Karachi has an area of 71.42 square miles (inclusive of 8.93 square miles Cantonment). The population of the City (Municipal area) according to the final results of the Census of 1931, is, 247,791 (males 1,45,052, females 1.02,739) and is now 2.88 lakhs (estimated). Karachi is the third largest Indian Port. Karachi is also a terminus of the North Western Railway and is the natural Port of exit for the foreign trade of Sind and also of portions of the Punjab, Rajputana, the United Provinces and of Baluchistan. With the establishment of an Airship Base at Drigh Road, 8½ miles from the City (besides an Aerodrome for Military purposes), Karachi has now become the main gate of India for the aerial service and there are now regular Mail and Passenger services between London-Karachi-Singapore (Messrs. Imperial Airways, Ltd.) Paris-Karachi-Saigon (Compagnie Air Orient), Amsterdam-Karachi-Batavia (Messrs. K.L.M. Royal Dutch Air Lines), Karachi-Culcutta-Rangoon (Indian Trans-Continental Airways, Ltd.) besides the services for mails only with Madras and Bombay (Messrs. Tatta & Sons, Bombay), and with Lahore Messrs. Indian National Airways Ltd.

The Municipal boundaries are detailed below. In a few places, the Cantonment boundaries traverse the City. The Baluch Maidan which is nearly one square mile in extent, is within the Military area. All the islands in the harbour (except Manora which has been declared to be a cantonment) are however included in the Municipal limits.

MUNICIPAL BOUNDARIES OF THE CITY

FLAG STAFF HOUSE
QUETTA

Nawabdin, Tailor, Bruce Road, Quetta, has worked very satisfactorily for all of us during the time we have been here.

He has made tailor-made coats and skirts for me most successfully, and I find that he takes a great deal of trouble over his work.

Mr. PESTONJEE BHICAJEE,
Founder of the firm Pestonjee Bhicajee stevedores, Keamari in 1855.

PESTONJEE BHICAJEE

Stevedores Dubashes & General Contractors

Established 1855.

KEAMARI—KARACHI.

It is very noteworthy that the trade of stevedores and dubashes at Karachi is, to a great extent, in the hands of Parsi firms. The oldest business of that kind there is the one founded in 1855 by Mr. Pestonjee Bhicajee, who supplied provisions and stores under military protection, to the Army during the time of Sir Charles Napier in Sind. afterwards Mr. Pestonjee Bhicajee established himself as a stevedore and dubash at Karachi, and long before his death there in 1889 he made over the important business to his son, Mr. Peerozshaw Pestonjee, spending the rest of his life in retirement. Mr. Peerozshaw Pestonjee who very successfully developed this business unfortunately died in 1891 at the very young age of 47 years, when his son Mr. Sorabjee Peerozshaw Dubash who had been working with him for seven years carried on this business, and who was laterly joined by his other two brothers Mr. Jehangeer Peerozshaw Dubash and the late Mr. Byramjee Peerozshaw Dubash, who developed this business still further, and now their children Messrs. Dr. Peshoton Sorabjee Dubash and Peerozshaw Byramjee Dubash who have been assisting in the firm for a considerable period are chief managing partners.

The satisfactory manner in which the firm's activities are carried on may be indicated by reference to their long connections with various well-known steamship companies. Thus, for instance, they have been stevedores and dubashes since 1875 to the British India S. N. Co., Bombay, Persia S. N. Co., and the Moghul Line; since 1890 to the Hansa Line; since 1895 to the Austrian Lloyd—changed in 1920 into the Lloyd Triestino Line; since 1901 to the Asiatic Steam Navigation Co.; since 1892 to the City line. Changed in 1902 into one of the Ellerman Lines; since 1902 to the Hall Ellerman Lines; and since 1902 to the Holland British India Line and others too numerous to mention here. They have also been contractors to the Admirality and Admirality agents for H. M. Navy, for a considerable number of years.

During the Great War, Messrs. Pestonjee Bhicajee did admirable work for the British, French, Italian, Belgian, Portuguese, and Japanese Governments, and built a number of sea-going vessels of the Kotia

dinghy type with the object of meeting the great need for cargo space when the Government had commandeered the major portion of the accommodation in steamers calling at Karachi. They have also built several lighters, and transact lighterage business in Karachi harbour.

Messrs. Pestonjee Bhicajee hold to their credit several loading and discharging records. They beat their own record when they performed the following ship-loading record : —

"A record for ship-loading which will take some beating was made by the firm of Pestonjee Bhicajee, Stevedores of Keamari, when, they loaded and stowed 41,400 bags of wheat in the s.s. "Llangollen" in nine working hours.

This number of bags is equal to 4,140 deadweight tons or 4,600 scale tons.

The owners of the steamer are Messrs. Evans Thomas Radcliffe, and the charterers are Messrs. Ralli Brothers, Ltd. The stevedores, Messrs. Pestonjee, acknowledge gratefully the assistance given by Messrs. Ralli Brothers Ltd., the Karachi Port Trust, and the North-Western Railway to enable them to make this wonderful record".

Messrs. Pestonjee Bhicajee are also established at Port Okha, Veraval and Navlakhi, on the coast of Kathiawar, and there they operate as stevedores and dubashes to the Ellerman Hall and City Lines, the Clan Line, and Ellerman Bucknall Line. They have also been dubashes, stevedores, and agents for the Lloyd Triestino Lines, Clan Line, and other tramp cargo steamers.

The firm's telegraphic address is "Jehangeer," Karachi, and the codes used by them are Scott's 10th edition and the A.B.C. 5th edition.
